

# SHEQSA CONSULTING

## ISO 22000 FOOD SAFETY MANAGEMENT SYSTEM BRIDGING TRAINING

### 1. COURSE SUMMARY:

An informative course, designed for those who are considering transitioning from an existing ISO 22000: 2007 Standard to the new ISO 22000:2018 standard. This course will address the requirements of ISO 22000:2018 and aims to assist companies in preparing for ISO 22000:2018 Certification.

By attending this one day course you will discover the benefits of implementing ISO 22000:2018 and how to practically apply this in your business

### 2. WHO SHOULD ATTEND:

This course is suitable for all levels of management and for those who:

- May already have a fully implemented ISO 22000:2007 standard and are considering ISO 22000:2018 certification
- Need to understand what an ISO 22000:2018 food safety management system entails
- Need to obtain third party certification of their Food Safety Management System against ISO 22000:2018 to meet the requirements of customers or to increase and grow their market share

### 3. COURSE CONTENT:

The course will address the following:

- ✓ An overview of ISO 22000:2018 detailing its strengths and benefits
- ✓ Changes between the ISO 22000:2007 and the new ISO 22000:2018 standards
- ✓ ISO 22000:2018 certification requirements
- ✓ Introduction to risk base thinking

### 4. HOW WILL I BENEFIT?

- Suppliers meeting customer and retailer requirements
- Restaurant or catering owners and employees
- Food industry companies want to go for certification
- Food industry companies that want to export products
- Food industry that must indicate legal compliant

DURATION: 1 DAYS
